

The calm before, during, and after the storm

StormMax® Hurricane-Resistant Storefront

FG-5700 StormMax® | FG-5750 StormMax® | FG-5750T StormMax®

StormMax[®] Hurricane Protection

with Level E Performance

Our fully upgraded framing system, now featuring Level E performance for essential facilities, stands up to wind, water, projectiles, and project headaches. We sweat every detail in our system and every step in the process –from bid to installation –so you don't have to. With StormMax[®], you and your building are prepared to weather any storm with unparalleled resilience and confidence.

TOUGHNESS, VERIFIED

Large and small missile impact tests

ASTM E1886 and ASTM E1996

Florida HVHZ and Wind Zone 4

Florida Building Codes TAS 201, TAS 202, TAS 203

Approved for Essential Facilities

Florida Product Approvals and Texas Department of Insurance (TDI) Product Evaluations

BETTER PRODUCT

Simplified anchoring options allow for faster, easier installations

Pre-glazing reduces labor costs and accelerates installation*

Inside glazing capability is ideal for dense urban areas and above-grade applications*

Aluminum reinforcing option is lighter, easier to work with, and easier to drill*

A broad offering of hurricane-impact- tested interlayers to weather what each job demands

*Small Missile Level A and Large Missile Level D only.

BETTER PROCESS

Easy, on-demand access to TDI and FPA documents for simpler bid submissions

Save time and money by customizing the protection you need – from glass to anchors to reinforcing

Single-source capability allows you to pair a wide variety of StormMax[®] storefronts with the right glass infill for your project

Fully integrated solutions ensure your complete system is ready right when you need it

PROTECTION IS IN THE DETAILS

FG-5700 StormMax[®]

2½" x 5"

12' Span

9/16" Laminated Infill

Large Missile - Level D

FG-5750 StormMax[®]

2½" x 5"

12' Span

1-5/16" Laminated
Insulating Infill

Small Missile - Level A
Large Missile - Level D & E

FG-5750T StormMax[®]

2½" x 5"

12' Span

1-5/16" Laminated
Insulating Infill

Thermally broken

Small Missile - Level A
Large Missile - Level D & E
