

# CRL DUCT TAPE

CRL DUCT TAPE

## PRODUCT DESCRIPTION

- CRL Duct Tape is a 9-mil, poly-coated cloth tape with an aggressive adhesive, providing high shear and high tensile for industrial applications such as poly draping and securing.
- CRL Duct Tape features a high-grade poly-coated cloth offering good tensile properties while retaining excellent tearability for easy application and is available in a variety of colors.
- CRL Duct Tape is excellent for draping, and securing as well as for demanding packaging, bundling, holding, seaming, sealing, protecting, wrapping and repairing applications.
- Available in silver, black, white, yellow, green, red, and blue. Black, white, yellow, green, red, and blue meet UL 723, L.A. County, and BOCA codes.

## TECHNICAL DATA (Typical values)

BACKING:	Polyethylene Coated Cloth
TENSILE STRENGTH:	22 lb./in 42 N/cm
THICKNESS:	9 mils 0.225 mm
ADHESIVE:	Rubber
ELONGATION:	18%
COLOR:	Black Silver Red Green White Blue Yellow
TEMPERATURE RESISTANCE:	150°F/66°C
ADHESION TO STEEL:	55 oz/in 6.3 N/cm

CRL DUCT TAPE

CRL tapes are used successfully in many sectors to solve a variety of problems. Our publications contain numerous examples of such uses, intended to help towards a solution of your particular problems. Each CRL product has been developed for a particular range of applications. Nevertheless, experience has shown that even for one and the same objective, the exact requirements may differ from case to case. We, therefore, recommend that you carry out your own tests in each case, to confirm that the CRL self-adhesive tape which you envisage using is appropriate for your particular application. Our Application Engineers will be happy to assist. All information and recommendations are given by us in good faith, on the basis of practical experience, but without warranty.
