The Hazard Communication Standard CFR 29: 1910.1200; (b), Scope and Application; (6) states this section does not apply to: "...(iv) Articles;..."

1910.1200;

- (c), Definitions, states:
- I. Article means a manufactured item: Which is formed to a specific shape or design during manufacture;
- II. Which has end use function(s) dependent in whole or in part upon its shape or design during end use; and
- III. Which does not release, or otherwise result in exposure to a hazardous chemical under normal conditions of use.

We maintain that each part that we manufacture meets the definition of manufactured article as per 1910.1200 (c) and is, therefore, exempt as per 1910.1200 (b), (6), (iv).
