

SW250BL17, SW250BLB, SW250BLC, SW250BRC, SW250W17, SW250WB, SW250WC

SW250BLC is a double coated film with an acrylic solvent-based pressure sensitive adhesive which offers exceptional shear strength and high peel, providing quick bonding. Ideal for permanent bonding to most substrates such as metal, wood, glass, cement, and plastics. Highly resistant against solvent, chemical, UV and heat. Applications include, mounted decorative trims such as PVC profile for the furniture industry, fastening of nameplates, trophy, luggage tag, wooden trims, and signs etc.

Adhesive	:	Solvent Acrylic
Carrier	:	2mil UPVC Film
Liner	:	3.0mil Glassine Paper
Peel Adhesion	:	88oz/inch
Shear Strength	:	Over 72hrs w/35.2oz load
Service Temp	:	-4°F ~ 194°F (-20°C ~ 90°C)
Thickness	:	8.0mil (0.20 ± 0.01mm)
