

## 1. Identification

### Product Name

Cerium Oxide Glass Polishing Powder

### Product Code

C0653

### Supplier Information

#### Address:

C.R. Laurence  
2503 E. Vernon Avenue,  
Los Angeles, CA 90058

**Phone:** 1-800-421-6144

**Emergency Phone:** 1-800-424-9300

---

## 2. Hazards Identification

### Classification of the substance or mixture

Not a hazardous substance or mixture.

### Hazards not otherwise classified or not covered by GHS

None.

### GHS label elements, including precautionary statements

Not a hazardous substance or mixture.

### Signal word

Warning

### Precautionary statements

P261: Avoid breathing dust

P271: Use only in a well-ventilated area.

P280: Wear protective gloves and eye protection.

P284: Wear respiratory protection in case of inadequate ventilation

P402: Store in a dry place

P403: Store in a well ventilated place

P404: Store in a closed container

**3. Composition / Information on Ingredients**

| Component          | CAS Registry # | EINECS    | Weight % |
|--------------------|----------------|-----------|----------|
| Cerium Oxide       | 1306-38-3      | 215-150-4 | 60 – 70% |
| Lanthanum Oxide    | 1312-81-8      | 215-200-5 | 20 – 30% |
| Cerium Fluoride    | 7758-88-5      | 231-841-3 | 1 - 5%   |
| Lanthanum Fluoride | 13709-38-1     | 237-252-8 | 1 - 5%   |

**4. First Aid Measures****Description of first aid measures****Inhalation:**

Remove to fresh air. If required, provide artificial respiration. If breathing is difficult, give oxygen. If symptoms persist, call a physician.

**Eye Contact:**

Flush eyes with water, as a precaution.

**Ingestion:**

Rinse mouth with water. Never give anything by mouth to an unconscious person.

**Skin Contact:**

Wash with soap and water, and rinse thoroughly.

**Most important symptoms and effects, both acute and delayed**

No data available

**Indication of any immediate medical attention and special treatment needed:**

No data available.

## 5. Fire Fighting Measures

### Suitable extinguishing media

Use water spray, alcohol resistant foam, dry chemical or carbon dioxide.

### Special hazards arising from the substance or mixture

No data available. Product is non-flammable.

### Advice for firefighters

Wear self-contained breathing apparatus for fire fighting, if necessary.

### Further information

No data available.

---

## 6. Accidental Release Measures

### Personal precautions, protective equipment and emergency procedures:

Avoid dust formation. Avoid breathing dust. Wear proper protective equipment. Keep unprotected persons away. Ensure adequate ventilation.

### Environmental Precautions:

Do not let product enter drains.

### Methods and materials for containment and cleaning up

Wear personal protective equipment. Sweep up and shovel into suitable, closed containers for disposal.

---

## 7. Handling and Storage

### Precautions for safe handling

Avoid dust formation. Avoid breathing dust.

Use only in area provided with appropriate exhaust ventilation. In case of insufficient ventilation, wear NIOSH approved respiratory equipment.

Avoid contact with skin, eyes and clothing. Wash thoroughly after handling.

Work in a well ventilated area. Wear proper protective equipment.

### Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place.

## 8. Exposure Controls / Personal Protection

### Exposure Limits:

| Component          | PEL (OSHA)                                                 | TLV (ACGIH)                                                |
|--------------------|------------------------------------------------------------|------------------------------------------------------------|
| Cerium Oxide       | 15 mg/m <sup>3</sup> Total; 5 mg/m <sup>3</sup> Respirable | 10 mg/m <sup>3</sup> Total; 3 mg/m <sup>3</sup> Respirable |
| Lanthanum Oxide    | 15 mg/m <sup>3</sup> Total; 5 mg/m <sup>3</sup> Respirable | 10 mg/m <sup>3</sup> Total; 3 mg/m <sup>3</sup> Respirable |
| Cerium Fluoride    | 2.5 mg/m <sup>3</sup> as F                                 | 2.5 mg/m <sup>3</sup> as F                                 |
| Lanthanum Fluoride | 2.5 mg/m <sup>3</sup> as F                                 | 2.5 mg/m <sup>3</sup> as F                                 |

### Appropriate engineering controls

General industrial hygiene practice.

### Personal protective equipment

#### Eye/face protection:

Use equipment for eye protection, tested and approved by NIOSH. Chemical goggles are recommended.

#### Skin Protection:

Handle with gloves. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash hands afterwards.

#### Body Protection:

Wear protective clothing. Remove and wash contaminated clothing before re-use.

#### Respiratory Protection:

Use NIOSH approved respiratory protection in cases of insufficient ventilation, or if concentrations are above the exposure limits.

#### Control of Environmental Exposure:

Do not let product enter drains.

---

## 9. Physical and Chemical Properties

|                          |                         |
|--------------------------|-------------------------|
| Appearance               | White powder            |
| Odor                     | Odorless                |
| Odor threshold           | No data available       |
| pH                       | 6.5 - 7.5 in 10% slurry |
| Boiling Point:           | NA, powder              |
| Freezing Point:          | NA, powder              |
| Melting Point:           | No data available       |
| Flash point:             | No data available       |
| Evaporation rate         | No data available       |
| Flammability (solid,gas) | NA. Non-flammable       |

|                                              |                   |
|----------------------------------------------|-------------------|
| Initial boiling point and boiling range      | NA, powder        |
| Upper/lower flammability or explosive limits | NA. Non-flammable |
| Vapor pressure                               | No data available |
| Vapor density                                | No data available |
| Relative density                             | 6.0 – 7.0 g/ml    |
| Water Solubility                             | Insoluble         |
| Partition coefficient (n-octanol/water)      | No data available |
| Auto-ignition temperature                    | No data available |
| Decomposition temperature                    | No data available |
| Viscosity                                    | NA, powder        |

---

## 10. Stability and Reactivity

### Reactivity

No data available

### Chemical stability

Stable under recommended storage conditions.

### Possibility of hazardous reactions:

No data available

### Conditions to avoid

No data available

### Incompatible materials

Strong oxidizing agents.

### Hazardous decomposition products

No data available. In the event of fire, see section 5

## 11. Toxicological Information

### Information on toxicological effects

#### Acute toxicity

Rare Earth Oxide

NIOSH - LD50s and LC50s    Oral LD50 (rat) > 5,000 mg/kg

#### Skin corrosion/irritation

No data available

#### Serious eye damage/eye irritation

No data available

#### Respiratory or skin sensitization

No data available

#### Germ cell mutagenicity

No data available

#### Carcinogenicity

Not listed by IARC, NTP or OSHA as a carcinogen.

#### Reproductive toxicity

No data available

#### Specific target organ toxicity – single exposure

No data available

#### Specific target organ toxicity – repeated exposure

No data available

#### Aspiration hazard

No data available

## 12. Ecological Information

### Toxicity

No data available

### Persistence and degradability

No data available

### Bioaccumulative potential

No data available

### Mobility in soil

No data available

### Other adverse effects

Not data available

---

## 13. Disposal Considerations

Disposal instructions

Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Result indicates that Thorium is non-detectable at the limit of the test method (< 5 ppm) when tested by the ICP-MS method.

Per U.S. Nuclear Regulatory Commission Regulations 10 CFR 40.13, end user is exempt from the regulations and from the requirements for a license.

Unused product is nonhazardous for characteristic toxicity when tested by the EPA TCLP Method.

---

## 14. Transport Information

### DOT (US)

Not dangerous goods

### IMDG

Not dangerous goods

### IATA

Not dangerous goods

## 15. Regulatory Information

### SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

### SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold reporting levels established by SARA Title III, Section 313.

### California Proposition 65 Components

This product does not contain any components that are regulated under California Proposition 65.

---

## 16. Other Information

### HMIS RATING

Health 1, Flammability 0, Reactivity 0, Personal Protection E

### NFPA RATING

Health 1, Flammability 0, Reactivity 0

### Issue Date

June, 2026

**DISCLAIMER:** This information is related to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. This Safety Data Sheet was written based on the best knowledge and experience currently available. The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication.
