

Typical Applications for CRL Swivel Fittings

In today's market the 'all-glass' look is preferred and that makes our Swivel Fittings the perfect component solution. They are designed for a variety of applications, such as connecting glass panels to display, exhibit, and furniture projects. CRL's Column Style and Arch Style Swivel Fittings are available in various models for glass-to-glass and glass-to-wall attachment configurations. There are two forms of glass attachment: Surface Mounted Cap Assemblies require a hole in the glass; Flush Mounted Cap Assemblies need a hole and countersink for installation.

The Swivel Fittings illustrated on this page show just a few of the glass attachments that can be accomplished. The following pages display all of the different styles of Fittings with dimensions that will assist you in making the correct product choice for your project. If additional assistance is required, please call CRL Technical Sales at (800) 421-6144 in the U.S., (877) 421-6144 from Canada, or (323) 588-1281 International. Ask for Ext. 5275. You can also e-mail any questions that you may have at [crlaluminum.com/support](mailto:info@crlaluminum.com).
