

INSTALLATION INSTRUCTIONS

PREMIUM GRID SYSTEM FOR 690/695 SLIDING DOORS

The Premium Grid System for 690/695 Sliding Doors consists of aluminum flat strips and u-channels with an adhesive backing that allows for easy application directly onto glass. This delivers a simple aesthetic enhancement for greater design flexibility.

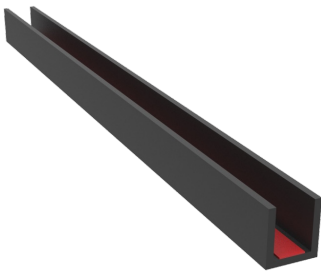

Common Applications

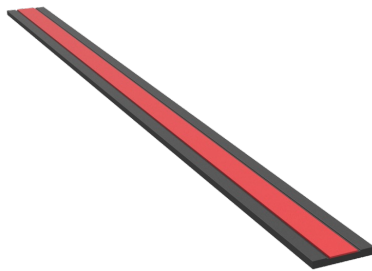

- Grid strips and u-channels are available in 118" (3 m) or 94.5" (2.4 m) stock lengths and cut to desired size
- Placing horizontal strips between vertical strips is recommended
- Use leveler and measuring tape to ensure strips are aligned
- Matte black finish

Parts List

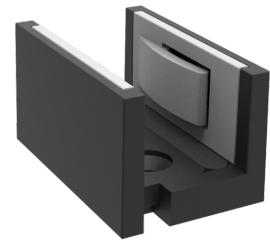

Item Number	Description	Length
GPU1230MBL	Matte black u-channel grid strip for 1/2" (12 mm) glass	118" (3 m)
GPU1030MBL	Matte black u-channel grid strip for 3/8" (10 mm) glass	118" (3 m)
